Advisors

Who they are

- H/UHNW individuals (\$1M+ Investable Assets)
- Successful individuals navigating sophisticated wealth. Refusing to settle for preservation-focused advice or fragmented experiences.

- High-performing RIAs and Breakaway Brokers (\$50M–\$500M+ AUM)
- Forward-thinking fiduciaries at scale. Unwilling to compromise autonomy, client outcomes, or operational efficiency for legacy systems.

Core motivation

To achieve financial freedom and build generational wealth, focusing on growth, not just preservation

To break through operational ceilings and scale their book of business without adding administrative drag

The mindset

Growth-oriented, tech-savvy, and optimistic, but currently overwhelmed by financial complexity

Fiduciaries who are growth-minded but bogged down by back-office tasks and legacy friction

Core pain points

Opaque fee structures, fragmented accounts, legacy-limited investment opportunities

Operational burden, hindered client service, slow organic growth, capped payouts, succession uncertainty

The need

A unified financial picture. Frustrated by fragmented accounts and opaque fees, they want one platform that offers proactive advice and surfaces new wealth building opportunities.

Operational freedom. Tired of legacy tech that slows them down.They need an intelligent, native platform that automates the heavy lifting so they can focus on client relationships.

Why Farther

They seek a partner who leverages innovative tech to unlock new wealth-building opportunities

They want a platform that eases administrative burden while delivering better client returns
